FOR IMMEDIATE RELEASE

BSD45 Spirit Pump Continues to Provide Increased Programming for Students

Barnwell, S.C. September 21, 2021 – Barnwell School District 45 (BSD45) is proud to continue the district's partnership with Anderson Oil Company for a Spirit Pump at the local BP gas station. Each time the gas pump is used, BSD45 will receive one cent per gallon of gas. The district designated the funds from this endeavor to support the art programs across the district.

The Spirit Pump has supported the school district's arts programs since 2019. Because of the vision and leadership of Anderson Oil Company's President, Mr. Terrill Tuten, and Vice President, Mrs. Brittany Kalivas, this program has continued to be a success.

Mr. Tuten and Mrs. Kalivas recently presented the district with the newest Spirit Pump check for \$5,530.58. "Our district is so grateful for the continued support from Anderson Oil Company," said BSD45 Superintendent Crissie Stapleton. "Working together with community partners such as this is what allows us to provide increased opportunities for our students across the district."
